Mr. Tebo has left the building!!!

As many of you know I have not been in school the past week and will be out the rest of the year. Over the last three years I have had many issues with my foot related to diabetes. After three infections and five surgeries my wife and I decided I needed to get a life!!! So over the past week I had surgery to remove the infection by amputation of my left foot and leg seven inches below the knee. I feel great. I am currently at Bryan West for rehab and will be back home by the end of the week for the rest of the school year and summer. Things are going great in rehab and I love seeing and hearing from lots of you. I am planning to visit school several times in May to see the kids and staff. I am looking forward to returning to school next Fall with a full prosthesis below the knee, walking and feeling good. I want to thank Clarice Anderson for taking over my position the rest of the year. All for now. Have a great rest of the year and see ya at IHOP. That's where guys with one leg work. -Hee, Mr. Tebo
