Maxey Elementary School: Our mission is to maximize learning for all students

---

### **Message from the President**

Well, by the time you get this message you will already have received your Maxey School Directory. I have to thank a lot of people for making this happen. Alex Mayse started the directory and had computer issues and passed it to me to finish. I had no time to complete this so I asked many people. After looking at what was involved they also didn't have enough time to finish this project. The outcome was my wife Lara decided she could handle the task. After many hours the input was completed. Mr. Tebo, Melanie, and Nancy at school finished the last minute editing and sent it to the Lincoln Public School printers. Finally thank you Cindy Wiltfong for getting your team together to pass out the directories to the students.

Thank you for all the parents that have already turned in order forms for the Gift Certificate fundraiser. I plan on making the first order this Friday Dec. 12<sup>th</sup> in order to get these back by winter break. If you order after Monday Dec. 15<sup>th</sup> I will place the order on the evening of Dec. 16<sup>th</sup>. I will work very hard on getting the certificates back by Winter break. Thank you so much for helping Maxey in our fundraising efforts. Remember, we earn 20% back from all of these sales.

Thank you to Laura Chapin and your team for keeping our message board up to date and all of us up to date and informed of all the upcoming events.

Thank you for supporting our Cici's Pizza and our Nu-Vibe nights which are coming up. Please remember these are nights to get together with our families and friends to have a fun dinner or a warm drink. I look forward to seeing all the families that come.

Thank you,  
Jon D. Eslick
