Science Fair – March 11

Science Fair is fast approaching on March 11th and we need as many students as possible to make this a huge success. This is a noncompetitive fair to demonstrate students' knowledge of science to their teachers, family and friends. Students can work with a partner or alone. Everyone participating should fill out a science fair flier and return the completed form to school no later than February 26th. Remember to follow ALL the rules in order to make this a science fair safe for all. Questions? please contact Mary McPhail at 483-6977. Hope to see you all there.
